

We at **Mind Craft Academy**

believe that each one of us have innate potential. We help you discover and unleash that potential for individual as well as organisational success.

We help creating inspiring, creative, visionary leaders who are mindful and charismatic and thus are able to communicate well to their team and thus excel in personal competencies and interpersonal effectiveness.

We provide one on one coaching to help you achieve the next level of success.

We offer experiential interactive sessions to enhance resiliency and productivity on the job at all levels of the corporate sector.

Our stepwise modules are:

Mindfulness

Communication Skills

Corporate goal setting

Time management

Corporate stress management

Assertiveness

A healthy mind platter
